

Program Webinar Work based Learning CHAIN5

Wednesday the 25th of November, 15.00 – 17.00 hrs.

Introduction (10 minutes)

1. Introduction of the CoP Work Based Learning
2. We shortly share the results of the outcomes form previous meetings on WBL (Como March 2019 and Skype meeting with the CoP in January 2020)
3. Purpose and content today

Rules during this webinar (camera and microphone off. Raise a hand if you have any questions.)

Loek Nieuwenhuis (20 minutes) Lector Workplace Learning at HAN University of Applied Sciences

Loek talks about the design rules that he and his team has drawn up and gives the latest insights in the field of WBL. The link with quality assurance is also discussed: how do you ensure that you are compliant?

Short break to switch to the breakout rooms. You will be instructed.

Breakout rooms (60 minutes)

The following questions can be discussed in the breakout rooms:

- a. What is work based learning according to you? What does it mean for level 5?
- b. What do you encounter in practice? Which dilemmas do you experience? What went really well? Tips on quality assurance?
- c. How can we do it even better?
- d. How can we help each other? What is a need for?

Wrap up (20 minutes)

The different groups report back in the central area.

Looking forward (10 minutes)

We wrap up and look ahead to the CHAIN5 conference in March 2021 (10, 11 and 12), Zagreb Croatia.

The breakout rooms are supervised by a mediator. The mediator keeps track of the time, introduces the questions, guides the discussion and asks 1 of the participants to write down highlights. Also asks a participant to keep an eye on 'raised hands' and to notify the mediator. The breakout rooms will be pre-arranged.
