Pathways

“clear, educationally coherent program maps that are aligned to what will be expected of students upon program completion”

Source: AACC Pathway Project

Structure or Flexibility?

Four dimensions need to be discussed

Clarify paths to student end goals

- Simplify students' choices
- Establish transfer pathways

clarify

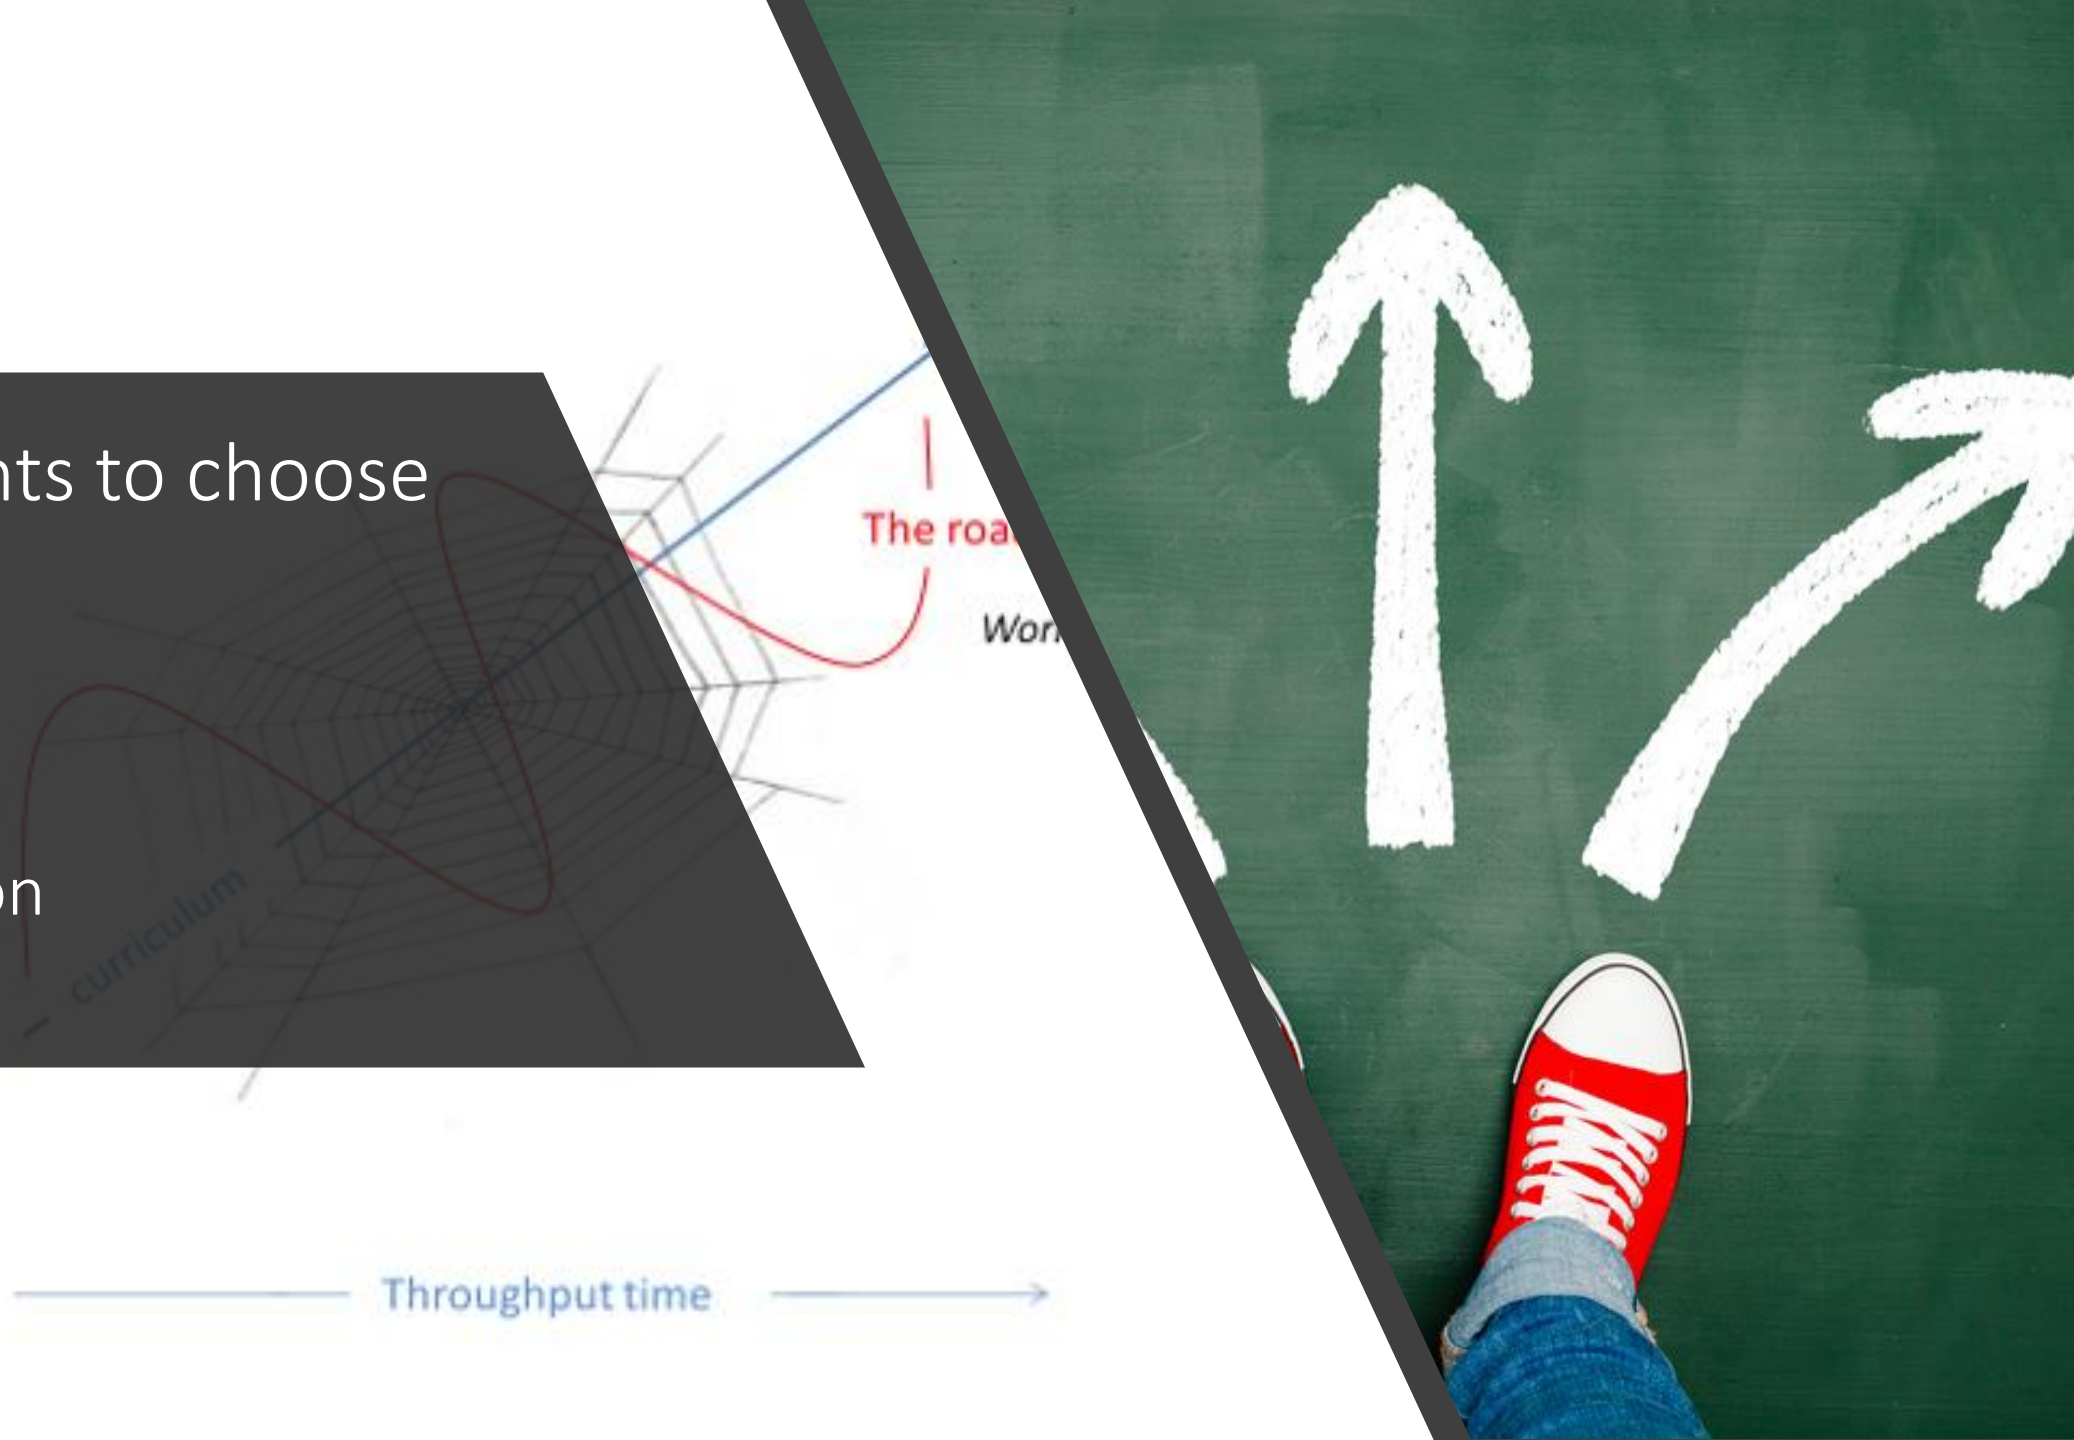

Help students to choose and enter

- Bridging
- Remediation

Students wishes

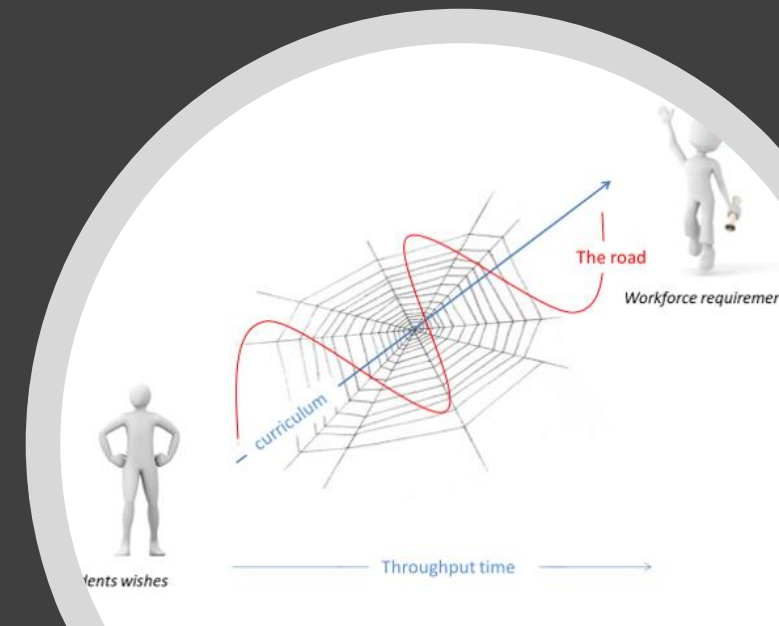

Help students stay on path

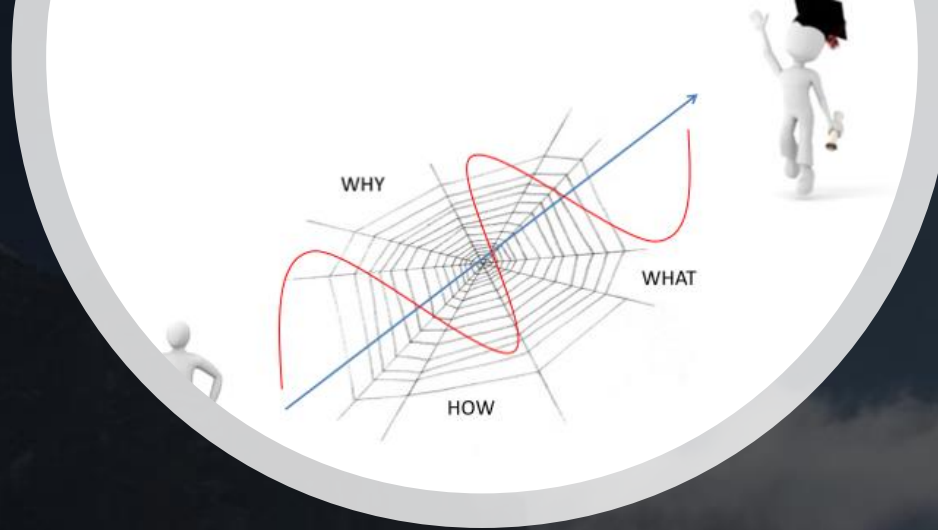

- Support students through a strong advising process
- Embed academic and non-academic supports throughout students' programs

Workforce requirements

Ensure that students are learning

- Establish program-level learning outcomes
- Integrate group projects, internships, and other applied learning experiences
- Ensure incorporation of effective teaching practice

Formal and non-formal?

Structured or flexible?

To be continued tomorrow?
