Please tick as many as applicable:

5		
A	Share the information/recommendations with colleagues	24
B	Share the information/recommendations more widely with outside contacts	20
C	Use the information/recommendations to support policy development	18
D	Use information/recommendations in research work	17
E	Engage in further events of TANDEM	10
F	Other Information for colleagues	2

Remarks and comments:

Thanks.
 Very good conference / would attend more
 Great project. Hope I can stay involved in the future.
 It is an important project, increase the awareness.
 I missed the perspective of study programmes, designed for 'freshmen', young people not employed. Most examples were for tailor made programmes for companies. Level 5 is broader than this.
 More interactive. Less keynotes.
 Excellent dinner!
 Excellent prepared conference. Very good commitment into conference by continuing triggering in before.
 Nicely done.
 Thanks a lot for the nice organisation.
 CHAIN5 has a clearer goal than TANDEM (in the venue of the conference).
 Nick was great as a timekeeper and as the 'seminar face'.
 Helen did a fantastic job bringing us here.
 Maybe start up COP (Community of Practice) on a base more times a year?
 Sometimes the very different issues and approaches in the different countries was confusing me.
