

# Workshop

## Theme group : cocreation with the workfieldmentor

---

THEME GROUP WORK-BASED LEARNING CHAIN5

9 NOVEMBER 2023

# Introducing...

---

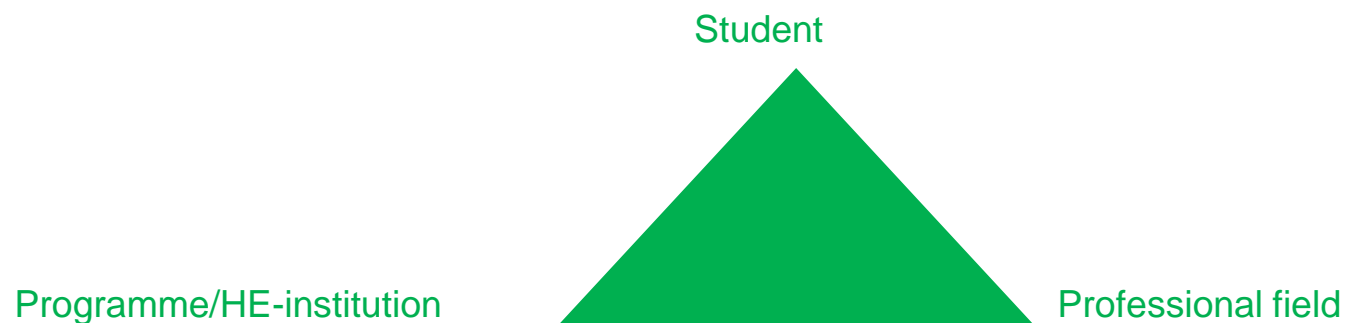

Mariette Muris  
Representative Theme  
Group Workbased  
Learning

Carine Aalbers  
Windesheim  
The Netherlands

# Professional field

- is an important actor in the **‘learning triangle level 5’**:

- stimulates and encourages the learning of the student in the workplace
- facilitate a learning climate in the work environment
- co-creating in the learning triangle: together working & learning & researching

# Theme group Workbased Learning

---

## After the session, you will have answers on

---

How to co-educate with the workfield?

How to align expectations on co-education and commitment?

How to clarify the roles of education, professional field and student in the learning triangle?

How to facilitate a successful hybride learning environment?

# An example of ...

---

Workbased learning, co-creation in the learning triangle

## Collaboration between: Windesheim (Uas) and health-care organisations

's Heeren Loo

---

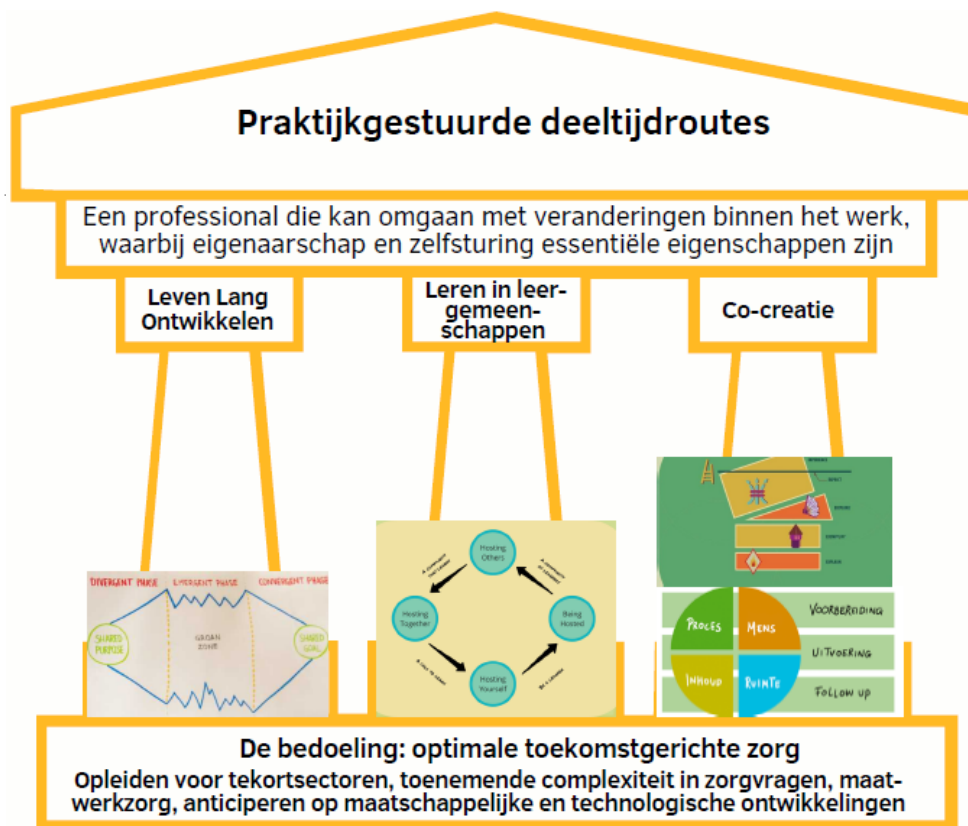

[Windesheim op derde plaats Nederlandse Onderwijspremie 2023 - YouTube](#)

**Practice-driven**  
**Co creation**  
**Collective learning**  
**Learning communities**  
**Positive impact**

# Price winning ; educational innovation award; the Windesheim Practice-driven program in Health and Social work

## Practice driven Part-time Route

Shared objective		
Life-long learning	Learning communities	Co- creation
societal challenges require new transitions.	shortage on the labor market	Increasing complexity in health care
